

ONLINE SERVICES PRICELIST

*A dedicated hosting solution that
is fast, reliable and secure.*

Choosing the right domain name is the first step in creating an online presence, so it's best you get it right. Show & Tell can advise you on domain name selection, purchasing new domains, and transferring existing domains that have been registered with other providers.

We also offer clients a personalised web hosting service and can assist with setup of email on laptops, desktops and mobile devices such as the iPad and iPhone. We offer email and telephone support by our helpful staff for all technical matters - no phone queues or support ticketing, just call us direct for fast and effective technical support when required.

Show & Tell's web hosting service is provided on a dedicated server platform, supported by hourly backups, and only contains our client sites, resulting in very fast and reliable service delivery for our clients.
